CHOICE 1 is a Dental HMO that lets you pick a network dentist and there are no charges for most preventive services. The fees you pay your dentist are clearly listed on your Patient Charge Schedule (PCS). With CHOICE 1, you have no waiting periods, deductibles, or annual dollar maximums.

**Affordable Dental Care**
Cigna Dental has experience in knowing what’s important to you and your family.

- eligible dependents include spouse and unmarried children from birth through age 18 (or age 25, full-time students) and where permitted by law, your domestic partner. To qualify as domestic partners, the member and partner must be registered as domestic partners or members of a civil union or submit domestic partner declaration to the policyholder.

CSEA Retiree Dental Care Program CHOICE 1 is a managed dental health program that offers you significant savings over traditional dental plans. The plan consists of a network of participating dentists who focus on the preventive aspects of dental care.

The plan offers low out-of-pocket costs while providing access to economical care. **There are no annual dollar maximums and no claim forms to fill out.**

**Choice of Dentist**
If you have a family, you already know that the same dentist may not be the right choice for everyone. That’s why CHOICE 1 (DHMO) lets each enrolled family member choose a dentist. You can select the right dentist for your needs, one with whom you feel confident and comfortable.

**Other Dental Services**
If you or a family member should need more extensive work, CHOICE 1 offers affordable prices. For example, for a typical comprehensive orthodontic case, you could save more than $2,500 when compared with national average charges.

If you need to see a network dental specialist, your network general dentist will handle the referral paperwork for you. Prior authorization may be required for certain types of specialty care. Referrals are required for all network specialists except orthodontists (if your plan includes orthodontic benefits) and pediatric dentists. The copays on your PCS also apply to covered network specialist care.

**Quality Management**
You can be confident that quality management is a high priority. Dentists who serve CSEA’s CHOICE 1 (DHMO) members are independent professionals who have met Cigna Dental’s quality program criteria. Each network dentist has been evaluated for:
Professional Credentials - All network dentists have been verified with state dental boards as in good standing and properly licensed.

Compliance with Government Health Standards - Network dental offices are visited periodically to verify that they are complying with Cigna’s standards for sterilizing and storing instruments. Radiation equipment and facilities are also checked for compliance with state and federal safety regulations.
